

*Corporate Financial Reporting Theory And Practice By Andrew Higson*

### **Corporate Financial Reporting Theory And**

Corporate governance is the collection of mechanisms, processes and relations by which corporations are controlled and operated. Governance structures and principles identify the distribution of rights and responsibilities among different participants in the corporation (such as the board of directors, managers, shareholders, creditors, auditors, regulators, and other stakeholders) and include ...

AbstractThe relationship between corporate social responsibility (CSR) and corporate financial performance (CFP) has been subject to extensive empirical enquiry. Yet the body of evidence that has accumulated about the nature of the relationship is equivocal. A commonly identified reason for the diverse and contradictory results is measurement issues pertaining to both concepts of interest.
