

## *How To Make A Timeline On Word*

### **How To Make A Timeline**

Microsoft PowerPoint enables users to create a basic timeline that they can manually adjust and restyle to fit their needs. The result is a simple graphic fit for presentations to clients or executives, but not quite flexible enough for those who need to show more accurate details or update the timeline regularly.

### **How to make a timeline in PowerPoint - officetimeline.com**

Microsoft Word allows users to build a basic timeline that they can manually customize to adjust to their project's requirements. However, since the tool is designed mainly for editing copy, it may lack the flexibility that one needs to create more impressive visuals and update them easily.
