As someone working in the field of family violence prevention, I was interested to read Jane Gilmore's latest article in The Age titled "This is why sexist jokes are dangerous." In it, Gilmore cites a recent study by US researchers Jennifer Ruh Linder and W. Andrew Collins published in the Journal of Family Psychology. Gilmore writes,

Self-harm is not typically suicidal behaviour, although there is the possibility that a self-inflicted injury may result in life-threatening damage. Although the person may not recognise the connection, self-harm often becomes a response to profound and overwhelming emotional pain that cannot be resolved in a more functional way.

Sexting is sending, receiving, or forwarding sexually explicit messages, photographs, or images, primarily between mobile phones, of oneself to others. It may also include the use of a computer or any digital device. The term was first popularized early in the 21st century and is a portmanteau of sex and texting, where the latter is meant in the wide sense of sending a text possibly with images.
