a violent windstorm: This expression renders two Greek words that could literally be translated "a hurricane of wind." (See study note on Mr 4:37.)Such storms are common on the Sea of Galilee. Its surface is about 210 m (690 ft) below sea level, and the air temperature is warmer on the sea than in the surrounding plateaus and mountains.

Luke 8 | Online Bible | New World Translation

The Australian twenty-dollar note was issued when the currency was changed from the Australian pound to the Australian dollar on 14 February 1966. It replaced the £10 note which had similar orange colouration. There have been only two different issues of this denomination: a paper note which had a gradient of yellow and red, with a distinct orange background, and a polymer note which can be ...
