Pontiac was a car brand owned, made, and sold by General Motors. Introduced as a companion make for GM's more expensive line of Oakland automobiles, Pontiac overtook Oakland in popularity and supplanted its parent brand entirely by 1933.. Sold in the United States, Canada, and Mexico by GM, Pontiac was advertised as the performance division of General Motors from the 1960s onward.

Introduction. This article describes the 1955 through 1960 Pontiac engines, the so called "square block" engines (because of a squared off interface to the rear of the engine). It is meant to help you identify engines and engine components, and to understand options for interchanging engine components within those years.

On older automotive air conditioning systems the factory installed refrigerant was R12. An amendment to the United States Clean Air Act has mandated that we phase out R12 as the refrigerant of choice.. Since air conditioning systems with R12 are susceptible to leaks, ozone damage and environmental concerns pushed for the replacement of this refrigerant.
