Continental crust is the layer of igneous, sedimentary, and metamorphic rocks that forms the continents and the areas of shallow seabed close to their shores, known as continental shelves. This layer is sometimes called sial because its bulk composition is richer in silicates and aluminium minerals and has a lower density compared to the oceanic crust, called sima which is richer in magnesium ...

Maxwell's equations are a set of coupled partial differential equations that, together with the Lorentz force law, form the foundation of classical electromagnetism, classical optics, and electric circuits. The equations provide a mathematical model for electric, optical, and radio technologies, such as power generation, electric motors, wireless communication, lenses, radar etc. Maxwell's ...

Alexander Jamieson's Celestial Atlas appeared in February 1822, with a second edition following in September that same year. For all the fame that the Atlas achieved, its author remains little known. He evidently had a wide knowledge of science, mathematics and languages, for he wrote a number of educational works on subjects as diverse as cartography, logic, rhetoric, algebra, mechanics and ...

e-books in Mathematics category Some Fundamental Theorems in Mathematics by Oliver Knill - arXiv.org, 2018 An expository guide to some theorems in mathematics. Criteria for the current list of 135 theorems are whether the result can be formulated elegantly, whether it is beautiful or

useful and whether it could serve as a guide without leading to panic.
